### RE-CYCLE (.org)

For the duration of May and June, we will be adding an optional £1 donation to each bill. Re-Cycle is a wonderfully simple charity that runs with minimal admin costs. Their mission is to collect unwanted bicycles and ship them to Africa. Millions of bicycles are thrown away or left to rust in the UK. Aid workers and emergency medical services are very often without means of transport. Your donation will help Re-cycle ship bikes to Africa, will help mechanics be trained to maintain them, and ultimately help strengthen communities.

An optional 10% service charge is added to bills.  
Our kitchen contains nuts and seeds. Please advise us if you have any food allergies  
Mayonnaise is freshly prepared in our kitchen using raw eggs.
